As Others See You!

While it's true that Clothes don't make the man, still they do make all of him except his hands and face during business hours—and that's covering a pretty considerable area. If you look as if you slept in your Clothes, most people will jump at the conclusion that you have, and you will never get to know them well enough to explain that your head is so full of noble thoughts that you haven't time to bother with the dandruff on your shoulder. Have discretion in all things, but be sure and have plenty of it in dress. When thinking along the lines of dress, let us help you. Mere money won't buy good breeding or necessarily put style into a Suit or Overcoat. The snap and go that many an expensive garment lacks, is plainly visible in our Suits or Overcoats—and it's thrown in gratis with your money's worth of good cloth and honest workmanship. A look, and you are our customer.
